

# HSE PSA Plus

## Progress meeting

20<sup>th</sup> June 2002

# Progress to date

---

- Initial presentations (10 May)
- Interviews at centre
- Discussions with front line staff
- Team review

# Strengths

---

- Very strong commitment to “reducing risks, protecting people”
- Broad approval of Revitalising and the PSA target
- Recognition of need for change
- Recognition for better evidence on what has impact
- Priority programmes set on basis of contribution to outcome targets

# Challenges

---

- Focusing on delivering outcomes
- Stimulating creativity/engineering radical change
- Practical implementation of strategies and plans
- Aligning resources with priorities
- Influencing diverse stakeholders
- Identifying what works (impact)
- Measuring and communicating progress
- Coordinating research, strategy, policy & operations
- Obtaining a strategic overview
- Clarifying lines of accountability and responsibility

# What PSA+ could do to help

---

## Favoured options

- Help to develop Delivery Plan for target
- Advise on change programme
- Help to develop stakeholder engagement strategy

## Other options

- Help to develop evaluation strategy and plans
- Review programme management

## Additionally

- Review general findings and report back

# Next Steps

---

- Agree PSA+ work area(s)
- Agree way forward with HSE lead(s)
- Set up final report back to Board
