

RPE Project

Creating healthier workplaces

Linked initiatives to reduce respiratory disease

Broad Aim

The project will target industries, sectors, occupations and processes where there is a risk of respiratory disease to secure good practice in the selection, use and maintenance of RPE

Stakeholder Delivery

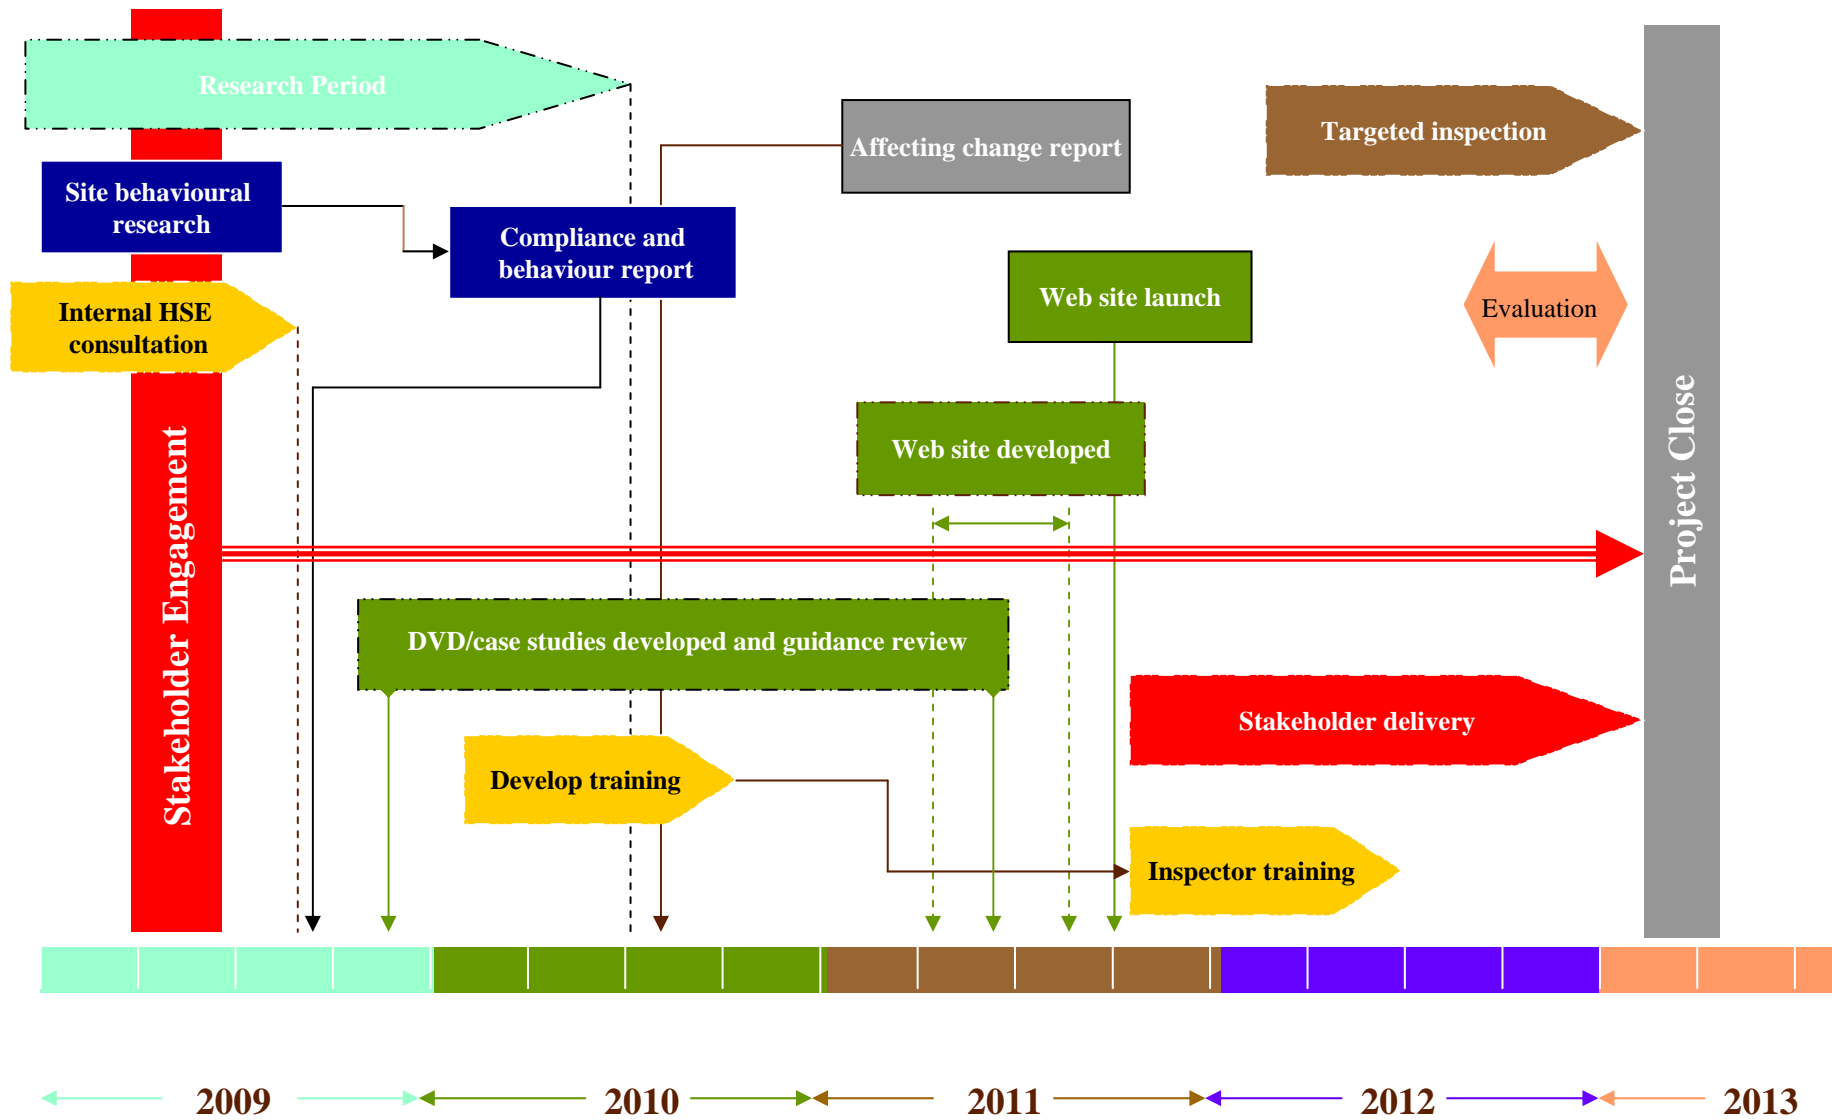

Project Delivery

Non-Project Delivery

HSE Delivery

***Respiratory Protective Equipment Project
Summary Work Stream Plan – September 2009***

What does this mean for you

- Aid delivery of HSE's strategy to reduce respiratory disease
- Work in partnership with HSE to develop and drive delivery of fit for purpose tools
- Ensure tools are credible and industry-driven.
