

**Don't let a dodgy ladder shatter your life**

# **Don't let a dodgy ladder shatter your life**

**Is your ladder right for the job?**

**Make sure it's in good condition, and don't risk using it if it's broken, damaged or bent.**

**You can part-exchange your old ladder for a safe, new one at any one of our partner companies.**

**For details about Ladder Exchange visit:  
[www.hse.gov.uk/falls/ladderexchange](http://www.hse.gov.uk/falls/ladderexchange)**

**The WAIT tool has been developed to help select the most appropriate and safest type of access equipment when working at height. It is especially useful if you are self-employed or a manager or supervisor of a small or medium sized enterprise.**

**Find out more at: [www.hse.gov.uk/wait](http://www.hse.gov.uk/wait)**
