What next (1 of 3)

- ➔ We will carefully consider your views in reaching our decision on whether to issue a statement of design acceptability.
- ➔ We want to hear from members of the public, industry, non-Governmental organisations (NGOs) or any other organisation or public body.
- ➔ This 16 week consultation began on 28 June 2010 and will close on 18 October 2010. Please send your response to arrive by 18 October 2010.

What next (2 of 3)

- ➔ We will acknowledge all responses, but we will not generally enter into further correspondence with those who respond.
- ➔ We will publish all responses to our consultation before the end of 2010.
- ➔ We will summarise our progress with HSE in our quarterly reports, which we will continue to place on our joint website (www.hse.gov.uk/newreactors).

What next (3 of 3)

- ➔ We will carefully consider each response that we receive. If issues arise that fall outside our responsibilities, we will pass them to the appropriate regulator, Government department or public body.
- ➔ We will seek advice from others as necessary. For example, Government departments, Health Protection Agency, Food Standards Agency, etc.
- ➔ If necessary, we will seek further information or clarification from the Requesting Parties.
- ➔ We will publish our final conclusions, having carefully considered all comments received, in our decision document that we intend to publish in June 2011.
