Dear Emmie

*Bourne Steel Group* is delighted to support this year's Better Backs campaign to tackle back pain in the work place.

We are serious about managing the risks of back pain at work and will be demonstrating our support by taking the following actions:

- ***Holding training with the managers***
- ***Toolbox talks on site with the operatives***
- ***Toolbox talks with our operatives working off site***

By doing these things we plan to achieve the following:

- ***Better awareness for manual handling risk identification, assessment & controls***
- ***Better understanding & control of handling risks for the operatives***
- ***Reduced potential of manual handling related incidents***

*Bourne Steel Group* is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

***J B Pocknell***
