Dear Emmie

Permasteelisa (UK) Interiors is delighted to support this year's Better Backs campaign to tackle back pain in the work place.

We are serious about managing the risks of back pain at work and will be demonstrating our support by taking the following actions:

- ***Task specific manual handling for all tasks***
- ***Substitution of manual handling for mechanical handling where possible***
- **Occupational health monitoring for all staff involved in heavy/repetitive lifting.**

By doing these things we plan to achieve the following:

- ***Reduce risk of back injury in all tasks***
- ***Eliminate risk by using mechanical means***
- **Pro-active Monitoring to prevent back problems**

Permasteelisa (UK) Interiors is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Nigel Ree

Health, Safety and Environment Manager
