Dear Emmie

*Award Health & Safety Ltd* is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- **To ensure that all our clients are fully up to date with all current practices**
- **To spread the message across all sectors that we can make a difference**
- **To educate as many people as possible in the use of mechanical devices as opposed to using bodily force**

We plan to achieve our goals by taking the following actions:

- ***Review all clients Manual Handling Risk Assessments***
- ***Encourage all operatives to use equipment provided***
- ***Set up Manual Handling Training courses across our broad range of clients***

*Award Health & Safety Ltd* is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Chris Ward
