Dear Emmie

Cambridge Asphalte Co. Ltd is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- ***Maintain training on Manual Handling with employees.***
- ***Ensuring employees are aware of the weight of items they are attempting to lift.***
- ***To use mechanical equipment to eliminate or reduce manual handling activities, where every possible.***

We plan to achieve our goals by taking the following actions:

- ***Adhering to a training plan.***
- ***Making sure information is passed on through the correct channels.***
- ***Purchasing or hiring of necessary equipment.***

Cambridge Asphalte Co. Ltd is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Raf Ruggiero
Health & Safety Director
