Dear Emmie

*Jordan Nuclear Limited* is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- **Ensure all workforce is trained in manual handling**
- **Ensure all office staff undergo DSE training**

We plan to achieve our goals by taking the following actions:

- ***Incorporating Manual Handling training into the JNL induction.***
- ***Incorporating DSE training into the JNL induction for office workers.***
- ***Promote awareness of backcare and upper limb disorders by a poster and leaflet campaign.***

*Jordan Nuclear Limited* is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

*Bernard Burns*  
*Health and Safety Manager*
