

An overview of WWT activity

(2009 – 2014)

by
Adebayo Ige
(WWT Regional Manager)

Scope

- Selected aspects of WWT performance during this period.
- Early findings from ongoing work to look at the longer term effectiveness of WWT.
- Proposed next steps/follow on activity.

WWT in 2014/2015

- On average, WWT runs 72 events; attended by approximately 4500 people; each year.
- Target for 2014/2015 was;
 - 69 events.
 - 4500 attendees.
- By March 9, 2015,
 - 56 events.
 - 3883+ attendees.

WWT attendance figures

5 year (2009/10 - 2013/14) WWT annual attendance including 2014/2015 attendance to date

Attendees company size profile

4 year profile of annual WWT audience by company size.

Coverage

How effective are WWT events ?

Typically each year, approximately;

- 97% of the delegates rate WWT events at least good; 88% of delegates rate them excellent.
- 61% of the audience will be attending a WWT event for the first time, at least half will ask to be added to a mailing list for future events.
- 62% of attendees at a WWT event say they will make positive changes in their organisations as a result.

How effective are WWT events ? (2)

We set out to determine

- If these changes were actually being made.
- If the delegates had problems in planning or implementing the changes.
- If they noticed any benefits afterwards
- If they shared the information from the event with others.

Results to date

(March 10, 2015)

- 72% of respondents had implemented all or some of the changes

Results to date

(March 10, 2015)

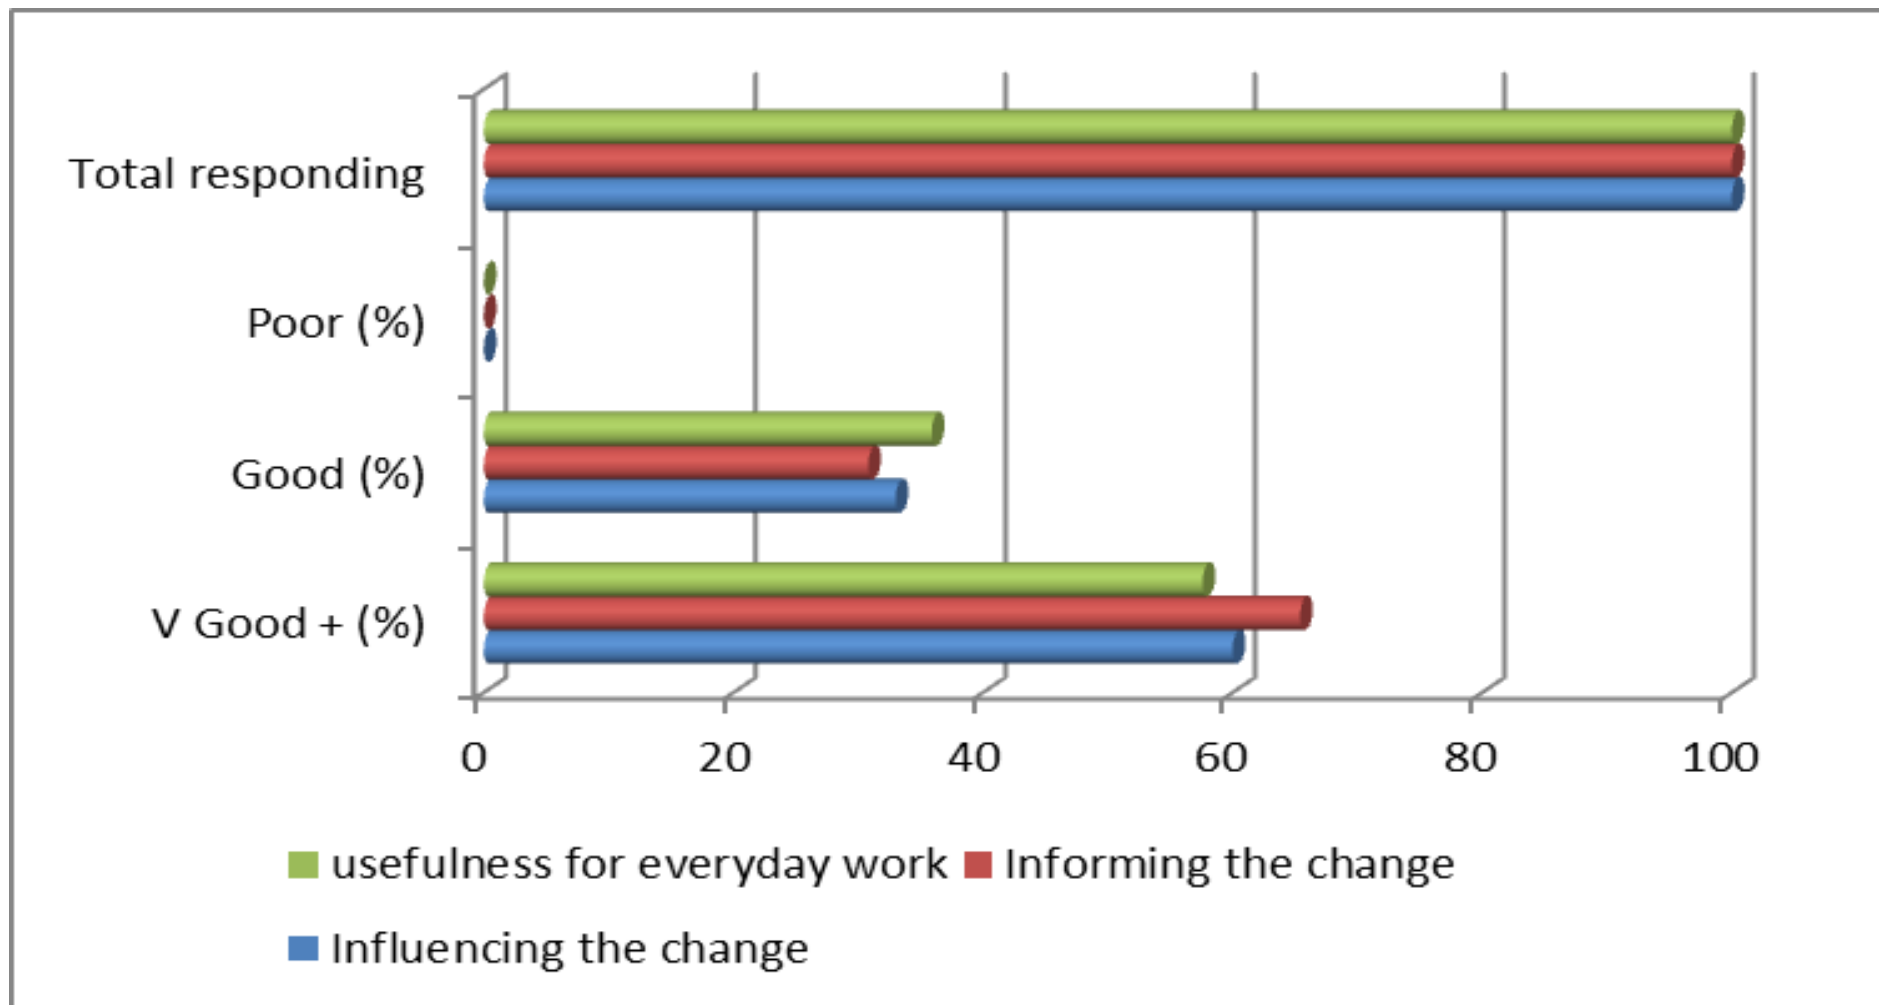

- 72% of respondents had implemented all or some of the changes.
- 48% reported noticing improvements in health and safety performance afterwards.
- 18% reported difficulties in implementing their proposed changes.
 - 69 % report no difficulty in planning or implementing
- 95% (of attendees) have shared the information from the event with others (49% with colleagues and 46% beyond the workplace).
- The areas of greatest value and improved knowledge were risk awareness; safe behaviour; and procedures /training.

Results to date (cont.)

We also asked the respondents how useful they found the WWT events in influencing the change, informing the change and in their every day work

Results to date (cont.)

Typical delegate comments about WWT events

- “Contractors are more aware of the dangers involved in site work”
- “Reduced probability and realisation of objects and tools dropped from height”.
- “A cleaner working area, we communicate more with each other and the client, using the right tools for the job”.
- “Improvements were understood are practical, so the lads were more comfortable with tasks”.
- “We are more aware of the need to discuss temporary work management and design”.

What does this tell us?

- It would seem that:
 - Attending WWT events influences and informs changes
 - Changes made following WWT events bring noticeable benefits
 - The information from WWT events is being shared more widely
 - WWT events help raise awareness on key issues (risk awareness, equipment selection etc.)

What next?

- Better targeting?
- Improved coverage?
 - Parts of the country are still without recent WWT activity
- Other improvements such as???

working well together

Thank You
