Meeting Date: 24 July 2003

Type of Paper: Below the line

HEALTH AND SAFETY COMMISSION

CONSTRUCTION INDUSTRY ADVISORY COMMITTEE (CONIAC)

Actions following meeting M1/2003

Summary

Actions taken subsequent to meeting M1/2003

Issue

1 This paper informs members of actions taken by CONIAC Secretariat as a consequence of decisions reached at meeting M1/2003. Reference is made to the paragraph numbers in the minutes of that meeting.

Action points

2 Responses to Revitalising Health and Safety in Construction. Item 3

Steve Wright reported back on the responses received to the Discussion Document. A full of set comments will be published on the HSE Website. Members were asked to forward any comments and ideas on how to follow up and focus on the responses received, to Steve or John Freeman by 10 April 2003.

Action: Members

Strategy paper to be prepared for the next CONIAC on designer issues raised at this CONIAC and from subsequent HSE meetings and presented at the next CONIAC.

Action: Secretariat

The Secretariat has sent out copies of presentations electronically.

3 SLIC Campaign. Item 9

Members were asked to raise awareness of the EU wide campaign on falls from height in construction.

Action: Members

4 Occupational Health Support Pilot Scheme. Item 10

Members were invited to nominate influential individuals to join the Action Forum for the Occupational Health Pilot. Paper M2/2003/8 sets out the subsequent actions.

Members agreed to promote the pilot in due course.

Action: Members

7 Minutes of meeting M3/2002 – Matters arising not dealt with elsewhere. Item 11

The Secretariat has resent information on toxic moulds electronically to members.

The Secretariat will ensure that a paper on 'Driver Visibility' updating members will be prepared when issues have more clearly crystallized.

Action: Secretariat

8 Action

- Members are invited to note the actions taken.
