on Leadership in Health & Safety

What we accept as safe

What makes us safe?

- Legislation
- Regulation
- Attitude & culture

Health & Safety in an SME

- Legislation is just red tape
- Health & safety is just cost

Health & Safety in an SME

The higher the risk the industry
the less of a burden health &
safety is deemed

Health & Safety in an SME

Health & safety improves profitability
through
better systems & lower absenteeism

Europe & Health & Safety

Legislation does not necessarily
mean compliance or a safer
working environment

IoD Oversight Group on Leadership in Health & Safety

Is the guidance being read and is
it being adopted?

Why do we need maximum
impact?
