

## Adding something simple to your workplace could save a life

Last year there were 70 deaths and over 2000 serious injuries\* as a result of workplace transport accidents. Doing something simple, like encouraging the use of hi-visibility vests to ensure that everybody in the delivery area can be seen, is just one way that you could save a life this year. Many more ways can be found on our website; we urge you to visit it.

Download your workplace transport safety checklist today, at [www.hse.gov.uk/workplacetransport](http://www.hse.gov.uk/workplacetransport)

Better health & safety  
benefits everyone
