

DESIGN SPECIFICATION NUMBER: MSF-UK

**WELDED STAINLESS STEEL GAS CYLINDERS FOR
COMPRESSED AND LIQUEFIED GASES AND GAS
MIXTURES**

ISSUE 1

MAY 1993

TABLE OF CONTENTS FOR DESIGN SPECIFICATION

GENERAL

1. **Scope**

- 1.1 Permitted gases
- 1.2 Filling pressure at 15 degrees C
- 1.3 Nominal water capacity
- 1.4 Service temperature
- 1.5 Material of construction
- 1.6 Type of construction

2. **Certificate of compliance**

3. **Material of construction**

- 3.1 Chemical composition
- 3.2 Properties of corrosion chemistry
- 3.3 Mechanical properties
- 3.4 Heat treatment condition of pre material

4. **Design and dimensioning**

- 4.1 Cylindrical minimum wall thickness
- 4.2 Head and base dimensioning
- 4.3 Main dimensions of cylinder

5. **Manufacture and in process inspection**

- 5.1 Incoming goods check
- 5.2 Welding tests
- 5.3 Hydrostatic pressure test
- 5.4 Empty weight and capacity check
- 5.5 Markings
- 5.6 Material tests and burst tests
- 5.7 Final checks

6. **Type approval tests**

- 6.1 Testing of type specimens
- 6.2 Description of tests not included in section 5

ANNEX 1

Specimen Acceptance Certificates

ANNEX 2

List of abbreviations and standards referred to in the text

ANNEX 3

Working drawings
