Foss house reception is the main door on your left as you come through the main gate.

Just to check – it is at Foss house in town (ie NOT at FERA) isn't it?

Best Regards

Sorry I could have gone into more detail. You're both still very welcome to come for coffee with the members between 10:30-11:00. At 11:00 the meeting will begin but you will not be able to be present for this. Our topic is currently scheduled for discussion at 12:25-12:45 but the meeting rarely sticks to the proposed schedule. It would therefore be extremely helpful if you were available before then but if time is tight and if you don't wish to talk to the ECP members before the meeting then it wouldn't be unreasonable to aim to be here for midday or so. I understand we have a dedicated waiting area where you'll be able to work etc. The meeting will break for lunch at roughly 13:00 and the topic should have been discussed before then.

Presumably we are still required at 1100?

Just a brief update on tomorrow's meeting. Our consideration of your submission went to the ECP on Friday and yesterday I received some correspondence on the planned discussion. The ECP members wish to hold the actual discussion in private although they have still asked if you would be available to be here for any questions that arise. I had expected that you would be welcome to be present for the entire discussion but I am now told this will not be possible.

Apologies for the change in instruction. I hope you are both still willing to make the trip. Please let me know if you wish to change your plans.

All the best,
