**Subject:** CSFB damage on OSR - further picture

Dear [REDACTED]

Here is a further photo and comment, via Twitter, of the impact of CSFB on OSR, as support for our emergency use application.

[REDACTED] I have been promised final further information on Modesto and Cruiser OSR from Bayer and Syngenta today. Thank you very much for the further information you sent on Weds, which I used to urge speed on the part of the companies. I hope that one of them with the expertise to answer questions will be able to go to the ECP meeting 20 May.

Best wishes
