Dear [REDACTED]

I'll be looking after these applications. I just tried calling to discuss and also to explain the dates on your letters. Could you call me back [REDACTED] as soon as you're able?

Many thanks,

Dear [REDACTED]

I am concerned and disappointed to see the target completion date of 17 July for these applications (Cruiser OSR and Modesto).

As per my reply to [REDACTED] email re. the possibility of not getting agreement by Ministers before mid-June, it is critical that these emergency authorisations are given in time for June treatment of seed before this year's planting season.

Can you tell me why the target dates are a month after the requested dates? [REDACTED] also confirmed the applications would be in the 21/4/15 silt. Can I query that applications take almost 3 months to reach completion? Are there specific problems that we should be aware of or are you being conservative in your target date? It goes without saying that as this is an emergency authorisation application there is an urgent need for completion.

Kind regards and I look forward to your response.
