Dear Sir

NUCLEAR INSTALLATIONS ACT 1965 (AS AMENDED)  
BRITISH NUCLEAR GROUP SELLAFIELD LTD  
SELLAFIELD (WINDSCALE WORKS AND CALDER WORKS)  
NUCLEAR SITE LICENCE No: 31 G  
LICENCE INSTRUMENT No: 613  
AGREEMENT UNDER ARRANGEMENTS MADE UNDER CONDITION 22(1)

AGREEMENT TO COMMENCE MODIFICATION TO AN EXISTING PLANT:  
IMPLEMENTATION OF PMP 0800/552 – PROCESSING OF THE CELL 220  
RECOVERED LIQUORS THROUGH THORP CHEMICAL PLANTS

The Health and Safety Executive, for the purposes of arrangements made by the licensee under Condition 22(1) of Schedule 2 attached to Nuclear Site Licence No 31G to control any modification or experiment carried out on any part of the existing plant or processes which may affect safety, hereby agrees to the commencement of implementation of:

PMP 0800/552 – Processing of the Cell 220 recovered liquors through THORP Chemical Plants. Revision 1 as authorised on 11 July 2006.

as referred to in the licensee's letter NII/05/6275/59 dated 14 July 2006.

Agreement is subject to the processing of 'normal' active liquors from HEP/SEP B having been completed.

Head of Division 2: [REDACTED] HM Deputy Chief Inspector of Nuclear Installations  
Room 4N.2, Redgrave Court, Merton Road, Bootle, Merseyside L20 7HS  
☎ 0151 951 [REDACTED]

I am copying this letter to [REDACTED]  
[REDACTED], Sellafield Regulatory Liaison Office, [REDACTED] Sellafield, Seascale, Cumbria,
