date: 13th November 2007

Dear Emmie,

BAAS Construction Ltd. is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place: -

- **Use the campaign pack to raise awareness throughout the workforce, both managers & operatives, of the importance of reducing risks; and**
- **Improve the planning of work on site, particularly at the tender \ pre-construction phase.**

We plan to achieve our goals by taking the following actions: -

- ***Take the training to site, using tool-box talks, lap-top presentations etc;***
- ***Invest in the use of more \ better mechanical handling aids on site; and***
- ***Involve our partner contractors in any initiatives as much as possible.***

BAAS Construction Ltd. is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Marcus J. Hall C.M.I.O.S.H.
Health, Safety & Training Manager
