Dear Emmie

BAE LandSystems Radway Green is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with a view to tackling back pain and upper limb disorders in our work place:

- **Reduce manual handling incidents and accidents by introducing manual handling aids, pallet palls/Roller conveyors/ lifting equipment.**
- **Identify trends in the work place that can be associated with upper limb disorders by body mapping and risk assessments.**
- **Reiterate our findings across the workforce by introducing on the job manual handling training for those activities that cannot be avoided**
- **Monitor and review our findings.**

We plan to achieve our goals by taking the following actions:

By Conducting

- **MAC Assessments**
- **Body Mapping**
- **Ergonomic Risk Assessments**
- **DSE Risk Assessments**
- **Slip Trip And Falls Assessments**

Radway Green is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Martin Towers
