Dear Emmie

BMI Mount Alvernia Hospital is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

Improving staff awareness
Running more training courses

We plan to achieve our goals by taking the following actions:

Purchasing me handling equipment
Running more training courses

BMI Mount Alvernia Hospital is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely
