Dear Emmie

EMS(uk)PLC is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- **goal 1 Is to achieve a zero score on back injuries in 2008**
- **goal 2 Is to continue to look at manual handling from a different perspective.**
- Goal 3 Is to continue with the design and application of safety innovations

We plan to achieve our goals by taking the following actions:

- *action 1 training, toolbox talks,*
- *action 2 involvement at all levels*
- *etc to be proactive*

EMS(uk)PLC is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Tony Dobson
