Dear Emmie

Flamingo Holdings is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- **Be more effective with work station assessments**
- **Involve external people to assess WRULD and workplace assessments**
- **Support employees with health issue**

We plan to achieve our goals by taking the following actions:

- *Do more work station assessments and involve effected employees*
- *Assess key areas within the business that can be effected by WRULD*
- *Involve OH Advisor in all areas*

Name of organisation is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Mandy Jarivs
