Dear Emmie

The Safety Company Limited is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

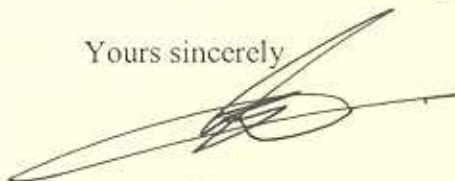

- **Educate all our client companies to the problems**

We plan to achieve our goals by taking the following actions:

- **Add into our annual audit programme an assessment of how the campaign has been received**
- **Distribute a campaign pack to every site we visit**
- **Act as a focus for our clients for information or problems associated with this campaign.**

The Safety Company Limited is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

George Morris
