Tuesday 16th October 2007

Dear Emmie,

Supply UK Hire Shops is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- Re-visit manual handling induction training for all staff
- Sponsor a monthly 'catch someone doing it right' award
- We are talking to our end users and presenting to them on this subject

We plan to achieve our goals by taking the following actions:

- **Reporting to all our staff monthly on our progress**
- **Introduced manual handling training as part of our standard employee inductions**
- **We begin every management meeting by discussing health & safety**

Supply UK Hire Shops is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Billy Cooke
Sales Director
