Dear Emmie

Timbmet Glasgow is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

It is our intention to raise awareness within our work place and provide ongoing handling training with the view to minimising back pain and upper limb disorders.

If the situation should arise, we are committed to providing appropriate rehabilitation and return to work support.

Timbmet, Glasgow is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

Alan Galloway
