Dear Emmie

*WMSafety Services Limited* is delighted to support this year's Better Backs campaign which aims to reduce the incidence and impact of back pain and upper limb disorders caused or made worse by work and to reduce the number of working days lost to these causes.

We have set ourselves the following goals with view to tackling back pain and upper limb disorders in our work place:

- **To continue where we left off in 2007**
- **To spread the word to a wider audience by running awareness campaigns after every training session at our new training facility**
- **To continue our reduction of lost time through bad backs**

We plan to achieve our goals by taking the following actions:

- *Appoint a better backs co-ordinator to ensure the workforce are aware of the initiative and what information is available to them.*
- *Produce a handbook to give advice on Best Practice for lifting*
- *Have the entire workforce trained in prevention of back injury and upper Limb Disorders techniques relevant to their occupation.*

*WMSafety Services Limited* is committed to working with HSE and the Local Authorities on this issue - together we can make a real difference.

Yours sincerely

*Terence Bannon*  
*Senior Health & Safety Consultant*
