ND Division 6

Nuclear Regulator Observes Whole Process is Working Correctly

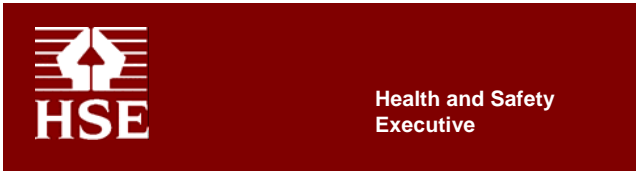

* Independent Third Party Inspection Agent (ITPIA)

The Preferred Model

- The Customer is a UK Licensee

An Alternative Model

- Where the customer is not a UK Licensee the same levels of assurance must be achieved.
- The licensee accepts full responsibility for the components.

-
- Customer/Licensee must discuss arrangements for assurance with NII.
 - Access to all manufacturing/fabrication organisations/processes must be available to NII.
 - Quality Plans need to be finalised before work commences.
