Details of any existing registrations and licences (issued by the local authority or police) applying to the proposed explosives site or any part of it.

Now proceed to [Section 4](#)

**Section 4 - To be completed only by applicants for a licence for a new explosives site**

A draft licence should be enclosed with this application. If you have not enclosed a draft licence, please provide the information requested below *(failure to enclose a draft licence will mean that the application will take longer and be more expensive to progress. Guidance on the preparation of draft licences is contained in "Guidance for Applicants for an HSE Explosives Site Licence", available free of charge from HM Explosives Inspectorate or from the Health and Safety Executive web site (www.hse.gov.uk). This Guidance also gives practical details of the procedure to obtain a licence).*

4.1 What are your intended activities and processes involving explosives? *(if the explosives include pyrotechnics and you intend to offer them for sale to the public at the site, please include details here)*

4.2 What activities will be carried out in each explosives building or area on site? *(if the explosives include pyrotechnics and you intend to offer them for sale to the public at the site, please include details here)*

4.3 What explosives do you propose to manufacture at the site? What quantities will be involved?  
*(if you do not propose to manufacture leave this box blank)*

4.4 What explosives do you propose to store at the site? What quantities will be involved?

4.5 What separation distances are to be maintained around the site?

4.6 Where are buildings to be located and what is their intended use and construction?

4.7 Where are any areas to be used for activities such as fusing or the burning of waste explosives to be located?

4.8 What separation distances are to be maintained within the site between storage and production buildings for the protection of workers on site and the prevention of the propagation of fire?

Now proceed to [Section 6](#)

**Section 5 - To be completed only by applicants for the variation of an existing licence**

Address of the licensed site

The original licence number or number of the latest varying or amending licence

Details of any relevant applications under town and country planning legislation affecting the site

If you have enclosed a draft varying licence, proceed to [Section 6](#). If not, please complete the remainder of this Section.

Please indicate by ticking the relevant boxes below which parts of the licence you wish to have varied

Explosives Schedule  Building Schedule  Plans

Please provide a brief description of the variation that you require

Now proceed to Section 6

**Section 6 - To be completed by all applicants**

I apply for a licence  variation of the licence  as described above and understand that fees are payable in connection with this application. I enclose the relevant application fee\*

Signature of applicant

Applicant Name

Capacity

Date of application

Address of applicant (if different from that given in Section 1)

Telephone No (if different from that given in Section 1)

Fax No (if different from that given in Section 1)

Email Address (if different from that given in Section 1)

\*Fees are payable on the scale laid down in the current Health and Safety (Fees) Regulations. A licence or varying licence cannot be issued until the fee, which will be calculated on completion of work, has been paid. Also a fee is payable for the work done on any application which is terminated before completion.

When completed this form and enclosures should be sent to HM Explosives Inspectorate, Health and Safety Executive, 5S.2, Redgrave Court, Merton Road, Bootle, Merseyside, L20 7HS.
