

Statement of commitment between: Local Authority and HSE Regulatory Services

This joint statement of commitment (SoC), agreed by local authority (LA) representative bodies and the Health and Safety Executive (HSE) in March 2019, sets out our shared vision for an ongoing LA/HSE co-regulatory partnership. Ensuring LAs and HSE work together as effective, modern and professional regulators - delivering the positive benefits of efficient, world leading workplace health and safety, to achieve:

- Sustainable arrangements for the enforcement of work related health and safety.
- Established joint working arrangements resulting in effective engagement, consultation and communication.
- Consistency of high quality regulation across HSE and LA enforced businesses.

This shared SoC is aimed at Councillors, LA Chief Executives and their Heads of Regulatory Services. It outlines how LA senior managers and HSE will work together, to achieve sustainable future delivery of effective workplace health and safety enforcement in Great Britain (GB).

Current position

LAs are a key part of the health and safety system in GB. They have a statutory duty under Section 18 of the Health and Safety at Work etc. Act 1974 to 'make adequate provision' for health and safety enforcement in their area, as set out in the 'National LA Enforcement Code' (the Code) (www.hse.gov.uk/lau/la-enforcement-code.htm).

LAs enforce workplace health and safety in two thirds of all business premises, around half of the total GB workforce. LAs predominantly cover the retail, consumer services, entertainment and warehousing/supply chain sectors.

Currently failures in the management of health and safety in LA enforced business sectors result in around 10 deaths, 5000 major injuries and over 100,000 new cases of ill health a year. Many of those harmed are members of the public/children, or vulnerable workers not provided with reasonable workplace protection.

HSE provides national direction via the the Code and its supporting documentation e.g. annually updated targeting advice (www.hse.gov.uk/lau/lacs/67-2.htm) supports LAs to develop locally responsive sustainable delivery plans, using the most current intelligence and regulatory practice.

Effective management of health and safety brings direct benefits to the local community, by:

- Reducing work related death, injuries and ill health.
- Reducing the need for local public health and support for those recovering from injury and ill health.
- Reducing the rate of business failure due to business outages caused by incidents and harm to staff, or the loss of reputation.

This SoC was developed as part of the on-going work of the strategic group overseeing the HSE/LA co-regulatory partnership (HELA) and the supporting Practitioner's Forum. It also has the endorsement of the Local Government Association (www.local.gov.uk/), Welsh Local Government Association (www.wlga.gov.uk/) and Society of Chief Officers of Environmental Health in Scotland (www.socoehs.com/) and recognises that:

- LAs must target and prioritise regulatory resources to meet their legal duty to enforce health and safety;
- Continued delivery of effective co-regulation will require ongoing evolution in both the LA and HSE approaches to regulatory delivery, and
- The HSE and LA co-regulatory partnership plays a vital role in delivering the 'Help GB Work Well' strategy. (campaigns.hse.gov.uk/hgbww/)

This SoC does not relate to an LA's own responsibilities as a health and safety dutyholder. Information to support LAs as employers, service providers and procurers/commissioners of goods and services can be found on the HSE website (www.hse.gov.uk/services/localgovernment/index.htm).
